## Summary

As the Founder of Opengates, I have led the development of a platform aimed at improving socio-economic outcomes for refugee youth. My work demonstrates a commitment to leveraging technology and strategic insights to deliver impactful solutions aligned with organizational values.

## Experience

### Opengates

#### Executive Officer

November 2023 - Present (1 year 6 months)

As the Executive Officer of Opengates, I am responsible for driving the company's technology vision, strategy, and execution. I lead the development and deployment of innovative solutions that align with our mission to envision a world where every young person, regardless of their background, has an equal chance to succeed. My role involves overseeing a multidisciplinary team of engineers, developers, and product specialists to ensure the delivery of scalable and secure technologies.

Key responsibilities include:

Strategic Leadership: Defining and implementing the technical roadmap to align with Opengates' business objectives and long-term growth plans.

Innovation: Identifying and integrating cutting-edge technologies to enhance product offerings and maintain a competitive edge in the industry.

Team Building: Recruiting, mentoring, and managing top technical talent, fostering a culture of collaboration, innovation, and excellence.

Systems Architecture: Designing and optimizing the technical infrastructure to ensure reliability, scalability, and performance.

Stakeholder Engagement: Collaborating with internal and external stakeholders, including investors and partners, to communicate technical strategies and demonstrate progress.

In this role, I combine entrepreneurial spirit with deep technical expertise to transform complex challenges into impactful solutions, driving both technological innovation and business growth at Opengates.

pixart

Founder

June 2024 - Present (11 months)

Kenya

At Pixart, I lead a dynamic team dedicated to transforming brands through innovative web development and graphic design solutions. Our services include custom website design, branding, UI/UX design, and SEO. We offer tailored packages that range from basic responsive websites to advanced e-commerce solutions and premium mobile app development. My focus is on delivering exceptional digital experiences that drive business growth and enhance online presence, ensuring every project is user-friendly and professionally executed.

Solidarity Initiative for Refugees (SIR)

Information Technology Specialist

November 2022 - Present (2 years 6 months)

As an Advanced ICT Trainer, I specialized in delivering focused training on front-end website development. I designed and implemented training programs tailored to diverse skill levels, introducing trainees to foundational and advanced concepts in HTML, CSS, and JavaScript. My sessions emphasized hands-on learning, enabling participants to build functional, user-friendly websites while understanding the principles of responsive and accessible design.

I facilitated project-based learning, guiding trainees through practical tasks such as creating and maintaining live websites. This approach fostered problem-solving skills and practical application of their knowledge. Additionally, I provided mentorship and ongoing support, ensuring that participants could confidently navigate tools and techniques essential to front-end web development.

To evaluate progress and effectiveness, I conducted regular assessments, provided constructive feedback, and adapted training materials to address learners' unique challenges and goals. My work contributed to empowering individuals with the skills to create impactful digital solutions, supporting personal growth and community development.

Kakuma Co

Head of Marketing

March 2024 - December 2024 (10 months)

United States

As the Head of Marketing, I led a talented team to develop and execute strategic marketing initiatives that increased brand visibility, generated leads, and supported sales growth. I oversaw multi-channel campaigns, managed the marketing budget, and conducted market research to drive data-driven decisions. I collaborated with cross-functional teams to ensure alignment and fostered a culture of innovation and continuous improvement, ultimately enhancing brand equity and contributing to significant revenue growth.
